

ORB Broadband Service Guide

Unsure which service will suit you best? Then see our easy-to-use service guides below to choose the ORB broadband service which is right for you.

Check the applications that you want from broadband and use these tables to choose the best service. Remember that it is easy to upgrade your service if you find that your needs change in the future.

Residential users

Application	Wireless 500	Wireless 1000	ADSL 500	ADSL 1000
E-mail	●	●	●	●
Web surfing	●	●	●	●
Instant messaging	●	●	●	●
Sharing digital photographs	●	●	●	●
Sharing digital music	●	●	●	●
Sharing digital video	*	●		●
Video-calling	*	●		●
Internet telephony	●	●	●	●
Internet radio	●	●	●	●
Interactive gaming	*	●		●
Streamed video	*	●		●

Note:- * ORB's Wireless 500 service will support these applications within the community area network. Where these applications are being used outside the network on the Internet then we recommend that that Wireless 1000 service is used.

Business users and Teleworkers

	Wireless 500	Wireless 1000	ADSL 500	ADSL 1000
E-mail	●	●	●	●
Web surfing	●	●	●	●
Instant messaging	●	●	●	●
Virtual Private Networks (VPNs)	*	●	*	●
Shared Internet access for 2-3 users	●	●	●	●
Shared Internet access for over 3 users		●		●
Video-conferencing		●		●
Internet telephony	●	●	●	●

Note:- * Both Wireless 500 and ADSL 500 services will support VPNs. However for the best remote access user experience, ORB recommends the Wireless and ADSL 1000 services, particularly for users undertaking data-intensive applications.
